Industrial & Corporation

visual installations.

Our work spans across Basra governorate, including municipal projects, public spaces, and major events.

We deliver both indoor and outdoor manufacturing, covering:

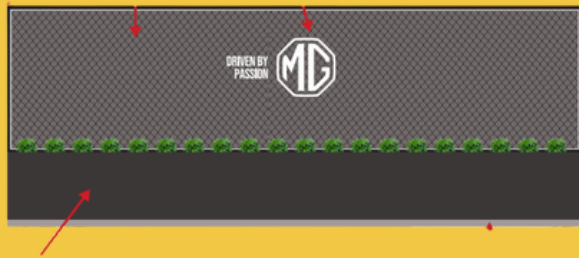

- structural fabrication
- signage production
- illuminated displays
- decorative installations
- customized event setups

With strong hands-on experience and advanced fabrication tools, we ensure precision, durability, and modern design in every project we execute.

SCOPE OF WORK

BASRA CHRISTMAS
FESTIVAL 2025
MG DISPLAY STAND

MAIN BACK WALL FABRICATION

INFO DESK FABRICATION

- Steel structure, black-painted iron wall – Iron mesh with grey wooden back layer
- Hidden LED lighting
- Illuminated MG logo (150×80 cm)
- Planter box (1 m height) with decorative plants.

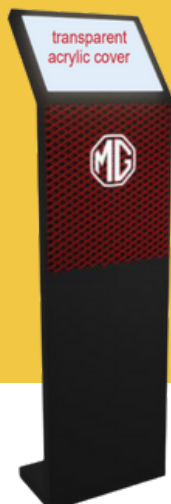

- Black wooden body
- Red iron mesh around
- Front panel with illuminated branding MG + GK AUTO
- Size: 120 × 50 × 85 cm

Based on the design drawings provided in the MG Motor Display Stand document.

SCOPE OF WORK

BASRA CHRISTMAS
FESTIVAL 2025
MG DISPLAY STAND

SPECS BOARDS (2 UNITS)

- Metal frame + mesh construction
- Transparent acrylic cover with led
- Freestanding design
- logo branding on front

MG REST TENT (2×2 M)

- Outdoor tent for staff
- Full setup included

Based on the design drawings provided in the MG
Motor Display Stand document.

SCOPE OF WORK

BASRA CHRISTMAS
FESTIVAL 2025
MG DISPLAY STAND

PVC TARTAN FLOORING (6 M × 8 M)

OUTDOOR HEATER

- Dark grey outdoor PVC tartan
- Weather-resistant, anti-slip
- surface glue and installation

- One garden heater
- Gas bottle included
- Delivery, setup, and safety checks

Based on the design drawings provided in the MG
Motor Display Stand document.

INSTALLATION, EXECUTION & DISMANTLING

Our scope includes the complete execution of the MG Motor display stand, covering all stages from fabrication to final handover.

Manufacturing & Technical Preparation

- Fabrication of all structural components using precision cutting, welding, and assembly
- Pre-fitting of elements to ensure efficient on-site installation
- Electrical preparation for all lighting systems, including LED and logo illumination
- Technical coordination to align all details with MG's approved drawings
- Quality checks to verify durability, finishing, and outdoor suitability

Transportation & Logistics

- Secure loading and handling of structures, flooring, and equipment
- Transportation to the Basra Christmas Festival site using appropriate vehicles
- Managed by trained personnel to ensure safe delivery without deformation

On-Site Installation & Assembly

- Positioning and securing of the main steel wall structure
- Installation of mesh panels, wooden backing, planter boxes, and integrated lighting
- Electrical setup including wiring, transformers, LED strips, and safety checks
- Laying and leveling of the PVC tartan flooring (6m × 8m)
- Assembly of the Info Desk and Specs Boards
- Installation of the MG Rest Tent (2×2 m)
- Setup and operational testing of the outdoor heater

Event-Day Support

- On-site team presence for adjustments, lighting tuning, and stability checks
- Ensuring the booth remains fully functional and visually consistent throughout the event

Accelerated Delivery

Due to the short timeline, the project will be executed under an intensified schedule, utilizing additional staff and extended working hours to guarantee timely completion without compromising quality or safety.

Dismantling & Post-Event Removal

- Systematic disassembly of all components after the event
- Transportation of materials back to the workshop
- Site clearance to return the area clean and in proper condition

**THANK YOU, AND WE LOOK FORWARD
TO WORKING WITH YOU.**

PROJECT TIMELINE

BASRA CHRISTMAS
FESTIVAL 2025
MG DISPLAY STAND

DAY 1:

- STRUCTURAL STEEL FABRICATION
- WOOD CUTTING & MESH PREPARATION
- START OF ELECTRICAL WIRING ASSEMBLY

DAY 2:

- ASSEMBLY OF THE MAIN BACK WALL
- INSTALLATION OF MESH + WOODEN BACK LAYER
- LED SYSTEM INTEGRATION
- MG LOGO FABRICATION

DAY 4:

- TRANSPORTATION OF ALL MATERIALS TO THE EVENT SITE
- ON-SITE PREPARATION & LAYOUT MARKING
- INSTALLATION OF PVC TARTAN FLOORING (6×8 M)
- POSITIONING OF STRUCTURAL ELEMENTS FOR FINAL INSTALLATION
- ELECTRICAL ROUTING PREPARATIONS

DAY 5:

- FULL ON-SITE ASSEMBLY OF THE MAIN BACK WALL
- FIXING MESH, WOODEN BACK PANELS, AND LIGHTING SYSTEM
- MOUNTING THE ILLUMINATED MG LOGO
- INSTALLING INFO DESK & SPECS BOARDS
- SETUP OF MG REST TENT & OUTDOOR HEATER
- FINAL ELECTRICAL CONNECTIONS AND TESTING
- QUALITY ASSURANCE + OFFICIAL HANDOVER TO MG MOTOR IRAQ

POST-EVENT:

- SAFE DISMANTLING
- TRANSPORTATION OF ALL MATERIALS BACK TO DESIRED LOCATION
- SITE CLEARANCE

Based on the design drawings provided in the MG Motor Display Stand document.

PRICE TABLE

Item	Description	Cost (USD)
1. Main Back Wall Fabrication	Steel structure, black iron wall, mesh + grey wood backing, hidden LEDs, illuminated MG logo (150×80 cm), planter box	4,220,000 IQD
2. PVC Tartan Flooring (6m × 8m)	Outdoor-grade anti-slip tartan, leveling, installation	980,000 IQD
3. Info Desk Fabrication	Premium black-painted wood, red mesh, illuminated MG logos	810,000 IQD
4. Specs Boards (x2)	Metal frame, mesh panels, acrylic covers — 610k iqd each	1,210,000 IQD
5. MG Rest Tent Package	Tent (2×2 m) + two chairs + table (full setup)	360,000 IQD
6. Outdoor Heater Package	Garden heater + gas bottle + delivery/setup	410,000 IQD
7. Transportation (Two Phases)	Workshop → Event site (Day 4) + return after dismantling	660,000 IQD
8. On-Site Installation (Day 4 & 5)	Full assembly, electrical wiring, flooring installation, logo mounting, lighting tests	1,610,000 IQD
9. Dismantling & Post-Event Removal	Disassembly, packing, loading, transportation	560,000 IQD
10. Technical Design & Rapid Production Charge	Compressed timeline, extended hours, added labor	580,000 IQD

Total project cost: **11,340,000 IQD**

Payment terms: 50% advance & 50% upon installation and handover.

Pricing includes full fabrication, transportation, installation, and post-event dismantling.
